## WASHINGTON WIRE

Hawaiian Annexation Treaty Under Consideration in the Senate Behind Closed Doors.

## PUBLIC DEBATE FAVORED

Civil Service Debate Continued in the House—President McKinley is Friendly to International Bimetallism.

In the Senate.  
Washington, Jan. 10.—Rev. Bishop Merrill, D. D., of Chicago, delivered the invocation at the opening of the senate today.

A bill was reported favorably from the Indian committee preventing railroad companies from charging more than 3 cents per mile for passengers through the Indian Territory.

At 12:50, on motion of Senator Davis, of Minnesota, chairman of the committee on foreign relations, the senate went into executive session to consider the Hawaiian annexation treaty.

Immediately after the treaty was called up, Senator Pettigrew offered a motion for conducting the debate in open senate, which was antagonized by Senator Davis, chairman of the committee on foreign relations and others. A majority of those favoring open doors are disposed to favor ratification.

In the House.  
Washington, Jan. 10.—In the house the civil service debate was resumed. Congressman Conney, Democrat, of Missouri, opposed the whole civil service reform idea, which he denounced as a cheat and a narrow swindle.

Congressman Dorr, Republican, of West Virginia, followed with a set speech in opposition to the law.

Congressman Cox, Democrat, of Tennessee, said he was so utterly opposed to civil service reform that he would vote to strike out the appropriation for the committee and for the repeal of the law.

Congressman Little, Democrat, of Arkansas, antagonized the principle, theory and practice of the law.

President McKinley for Bimetallism.  
Washington, Jan. 10.—Senator Chandler had a conference with President McKinley today upon the subject of bimetallism, and said after the interview: "The president stands firmly in favor of international bimetallism as promised by the St. Louis platform. He considers negotiations with European powers only temporarily suspended on account of the peculiar condition of affairs in India, and it is the president's intention to again send his envoys to Europe so soon as conditions are favorable for continuing the negotiations." Senator Chandler added that he considered the president as earnestly in favor of the use of both metals as standard money, as the senator himself.

Army Promotions.  
Washington, Jan. 10.—The president today made the following nominations: 1st Lieutenant James A. Merry, Eleventh Infantry, to be captain; Lieutenant J. W. Furlong, First Cavalry, to be 1st lieutenant.

## CRIMES IN THE SOUTHWEST.

A Gambling House in Prescott Held Up and \$500 Secured—Pitched Battle at Juarez.

Prescott, A. T., Jan. 10.—One man succeeded in holding up the Palace saloon and gambling place, last night, at the point of a pistol, securing all the money in sight. He terrorized about 20 patrons and escaped with nearly \$500. He is believed to have had an accomplice outside. Both men are supposed to have escaped on the north bound train.

Pitched Battle at Juarez.  
El Paso, Jan. 10.—Seth Burrows, a cowboy, got into a fight across the river in Juarez, Mexico, last night, and, in a pitched battle, stood off the Juarez police for an hour. Burrows was killed, but before hitting the dust, killed a gambler and a policeman and fatally wounded two others.

Particulars of the Fight.  
Special to the New Mexican.

Albuquerque, Jan. 10.—In an interview with Conductor Donahue, whose train arrived in Albuquerque Sunday evening from El Paso, the following particulars of the triple murder at that place were ascertained:

Three men, presumably cowboys, two Americans and one Mexican, went from Juarez, Mexico, on Saturday night, where, after playing the roulette wheel for some time, they became involved in a quarrel with the man in charge, which ended in the latter being shot and killed by one of the three. Leaving here, the men went to a dance hall some distance away, where the Mexican police found them later; and another fight ensued. One of the police was killed, the Mexican escaped, but the two Americans were pursued to the bridge crossing the Rio Grande at El Paso.

Being overtaken the desperate characters turned on their pursuers and in the fusillade that followed another of the police was killed, a third wounded and one of the Americans so badly injured that he will die. The other American was not taken. Up to the time Mr. Donahue left El Paso their names were not learned. The affair taking place in Mexico it did not create the excitement in El Paso that it otherwise would have done.

## COLUMBUS CONFLICT

Both Houses of Ohio Legislature Met This Morning Amid Scenes of Excitement.

## SENATORSHIP YET IN DOUBT

Friends of Hanna Claim Enough Votes—The Opposition Deny This—Both Sides Freely Indulge in Charges of Bribery.

Columbus, O., Jan. 10.—The legislature reconvened this morning and the inauguration of Governor Bushnell occurred at noon.

The Hanna mass convention is billed for this afternoon and the final conference on the senatorship will occur tonight.

Balloting for senator begins in both branches of the legislature tomorrow. The senate will stand 17 against Hanna. The house will likely give Hanna a majority of one or more. There will be no election unless both houses are carried by some senatorial candidate.

Both Houses of Legislature Met.

Columbus, O., Jan. 10.—In the house today a resolution was offered to amend the state constitution so that United States senators shall be elected by direct vote of the people. The house then adjourned until 10 o'clock tomorrow.

In the senate the Bramley 50-year franchise bill was discussed and an attempt was made to pass it under suspension of the rules, but it was referred to a special committee and made the special order for 1 o'clock tomorrow, just before the balloting for senator begins.

In the senate an effort to limit admission to the lobbies and galleries by tickets during the senatorial balloting, was lost. The senate took a recess till 1 p. m., when Lieutenant Governor Jones and the other state officers will be sworn in.

A message was received from Governor Bushnell officially advising the senate of the resignation of John Sherman as senator for the term ending March 3, 1899, and the appointment of Hanna to fill the vacancy.

## Inauguration Day.

Columbus, O., Jan. 10.—This has been the most exciting inauguration day ever known in Columbus. Long before noon the streets were thronged with excursionists from the country. At noon the railroads stated that there had been 15,000 arrivals. Bushnell badges were in the majority. During the forenoon the state house was surrounded by crowds yelling for Bushnell. The governor was called outside on the grounds where he addressed the multitude. Hundreds of workmen from Bushnell's shops came bearing written greetings of confidence in him.

These demonstrations continued until noon, when Governor Bushnell was escorted to the rotunda of the state house, where the decorations were more elaborate than ever before. The streets and state house grounds were crowded with shouters and only a very small percentage could gain admission to the house, but when cheers were heard inside the echo was taken up outside and the air was filled with loud responses.

## Oath of Office Administered.

Columbus, Jan. 10.—The oath of office was administered to the state officers by Chief Justice Burke.

The governor was given the usual ovation when he appeared on the platform. As he had a week ago sent an elaborate message to the legislature, his address today was unusually brief. He was loudly cheered and the ovation continued as long as he was in sight.

## Charges of Bribery on Both Sides.

Columbus, O., Jan. 10.—There has been much talk about bribery. E. J. Rathbone, formerly Cashier, postmaster general under Harrison, one of Hanna's managers, claims to have the stenographic notes of his secretary, who was concealed and heard one of the opposition make an offer of \$5,000 to one member. Today the opposition say they have a man, who will, when his name is called on the ballot tomorrow, announce that \$10,000 were offered to him.

It is further stated that one of the bolting Republicans will produce money in the session which, it is claimed, was taken as a part of a preconcerted trap, and it will be returned.

The opposition will seek an immediate investigation. It is claimed that a certain emissary went to Cincinnati on Sunday, to see Representative Otis and carried \$10,000 with him, and every word of the conversation between Otis and the emissary has been taken down and will be submitted in evidence.
